Our Baja CA trip.....The Softopper worked great all 1500 miles, and remember that over 400 were off road !!! Sun, rain, sand, wind, saltwater, dirt and rocks... not a problem. And at home we just rinsed it off, put it back in the tote bag and stuck it on a shelf in the garage. A true pleasure to own. Thanks for getting it to us on time, Jerry

 Cindy, I received the softopper on Monday morning and it installed perfectly. It made the return trip much easier. Thank you very much for getting it to me very promptly, especially with the holiday. Rest assured, I will be promoting the softopper and your website. Jane Mills

 Thanks for a great product. The Softopper looks great and functions even better. It literally can be installed or removed in minutes and the carry pouch makes moving the unit easy. I was skeptical of the overall quality of a "soft top" but I'm happy I decided to buy your product. I can't count how many people have commented on the Softopper. This thing is great for camping and easily folds out of the way or pulls off when it's time for work. Thanks again, Chris G Amherst, Ohio

 Just wanted to let you know that the Softopper arrived in the nick of time, arrived on the 29th. Great cap. Worked well ice fishing up in Canada and quite a few people were impressed with it. Being able to open the sides up and get to gear at the back of the bed without crawling in is great. Also held up well in the wind and freezing conditions. Glad I bought it! Take care,Rod B
